Mission, Vision and Objective

Vision Mission & Values

- ❖ **Mission:** To offer Africa's Oil and Gas industry, innovative services that will deliver unprecedented value to our customers and bespoke services that will create value to our clients through operational excellence
- ❖ **Vision:** To become the preferred solutions provider in Africa's energy and process industries through living our values
- ❖ **Objective:** To provide offshore, Engineering and Procurement services in a safe manner at competitive prices to satisfy our clients and attain market leadership.

Vessel Chartering Services

Being involved in all aspects of shipping and transport Knightsbridge Energy is also heavily engaged in vessel chartering for offshore support vessels. Our references include a wide variety from

- ✓ **Multi-Purpose support vessels, Platforms supply vessels , Anchor handling tug supply vessels, Security vessels, Barges Accommodation vessels, Product tankers**

Our direct and close contacts to strategic partners around the world are essential in our pursuit to provide the right vessel in the right place at a competitive price.

PIPELINE MAINTENANCE

We enable your pipelines to operate at maximum efficiency by keeping them clean. When you have to go offline, we substantially reduce downtime.

Our mechanical methods allow us to match your pipeline conditions and ensure quick repair at reduced cost. We maintain crude oil, refined products, water, natural gas, and specialized petrochemical pipelines.

Together with our proven strategic partners we provide

- * Large inventory of pumps., Pipeline decommissioning, Natural gas evacuation, Nitrogen purging, Pipeline integrity and drying

PIPELINE SECURITY

The protection of oil, gas and refined product pipelines against sabotage, illegal tapping, militants and terrorist actions, combined with the detection of leaks and in-line equipment failure, is a high priority within the West African region. In view of the growing trend of pipeline vandalization we offer

- ✓ **Armed security guards , Closed-circuit television (CCTV) security cameras , Aerial survey and mapping, Drone inspection, Digital terrain models, Volume computations, Orthophoto mosaics, Aerial photography, Aerial tours**

TANK CLEANING AND REHABILITATION

We utilize proven, patented and certified technologies for tank cleaning the interiors of storage tanks with the goal of restoring to like-new conditions and improving your return on large capital investments while lowering your related annual O&M costs.

- * We clean and rehabilitate;
- * Elevated Storage Tanks, Ground Storage Tanks, Engineering, design and fabrication Field installations , Tank accessories and Tank relocation

Ownership Organogram

Samuel Adepoju Obatola_{mNSE} Chairman

Samuel Adepoju Obatola attended Texas A & M University and read Natural Gas Engineering

He served at various levels at Nigerian Gas Company, a subsidiary of NNPC responsible for serving Nigeria's energy and industrial feedstock.

After an interesting career at NGC, he was transferred to Nigerian Petroleum Investment Management Services (NAPIMS) a corporate service unit of NNPC that oversees the federations investment in the Nigerian Oil and Gas Industry

He Completed his Chief Officers Management Course in 2003 as a proud member of the distinguished Class of 027.

He retired in February 2014 as a Senior Manager after spending 35 years in service

He brings to the board his vast knowledge of the Nigerian Oil and Gas industry and corporate governance

He is married with three children.

Obinna Guy Ikokwu

Chief Executive Officer

Guy Ikokwu obtained his west African examination certificate (WAEC) from the Federal Government College, Port Harcourt city in 1988 before proceeding to Georgia state University, Atlanta Georgia, USA

He stated his working career with enterprise national bank, Atlanta Georgia in 1994. He later joined southern electronics distributors Norcross GA (A NYSE Quoted Company) in 1996 as head of new sales channels

He succeeded in establishing new sales channels for the company to the tune of \$2M (USD) within 90 days of employment by cultivating clients as far as New York and south America

He was named best new sales man in the first month of employment for generating \$500,000USD in Sales (This was a record for a new salesman)

He is married with three children

Adedayo Obatola

Chief Marketing Officer

Dayo Obatola obtained a degree in Economics from Bowen University in 2009. A certified Oracle Associate and professional. He started his working career at Marine Platforms as a Vessel Chartering trainee and rose to be a senior officer in the department.

In his role as Assistant Management Representative, Marine Platforms he led the company to the actualization of the quality management system certification NIS ISO 9001:2008 and DNV ISO 9001:2008 in 2012 and 2013 respectively.

He later joined Pacific Silverline in February 2014 as Vessel Chartering Manager where he was responsible for the smooth operations of all vessels in the fleet, liaising with all relevant government agencies to ensure the smooth and profitable execution of the various contracts

After a short stay at Pacific Silverline, Dayo Obatola joined Knightsbridge Energy as Chief Marketing Officer

Mr. Obatola has over 7 years experience in the Marine, Oil and Gas Industry.

He is married with a child.
